Who is a Business Master?

A 'Business Master' is a business owner who uses Box Jeannie Subscription to do their day-to-day errands that take you away from growing your business.

A 'Business Master' subscription plan allows same day access to all 3 services; door-to-door deliveries, returns/exchanges, and box recycling.

They are granted 12 to 24 wishes each month.

Why join our subscription service?

Box Jeannie Subscription assigns your business a personal Jeannie to accomplish any of the three services we offer.

Box Jeannie subscription takes the place of an expensive employee to do your errands.

Wishes are completed in a 4-hour window, if you need an errand done quicker, simply communicate with your Jeannie.
